THOMASVILLE NURSERIES

"Home of Roses"

THOMASVILLE • GEORGIA

Terms of Business

Location. Main Nursery office, lath-houses, and Trial-Grounds at intersection of Boston and Summerhill roads with Boulevard, 2 miles east of Thomasville. Roses and Evergreen Nursery on Boston Road, 3 miles east of Thomasville. The Thomasville-Boston Road is a link of the Lone Star Trail from Los Angeles to St. Augustine, and is also known as Georgia State Road No. 38.

Invitation to Visitors. Visitors are welcome at our place every day in the year, and there is no obligation to purchase.

Terms. Cash with order or satisfactory references, except to parties of known responsibility.

Transportation at Purchaser's Risk. All transportation expenses are to be paid by the purchaser; our responsibility ceases upon delivery, in good order, to forwarding companies.

Substitution. We do not substitute unless so authorized. It is well, however, as the season advances, to name substitute to be used in the event of shortage.

Inspection. Our Nurseries were inspected by a representative of M. S. Yoemans, State Entomologist, Atlanta, Ga., September, 1940, and a certificate to this effect, and that plants are fumigated as required by law, accompanies every shipment, and we comply with the various laws of the states into which we ship.

Claims. If, by any possibility, errors should occur, they will be promptly rectified, if claim is made within 10 days after receipt of the goods.

Guarantee. We cannot control conditions after plants leave our hands, and we cannot, therefore, guarantee our plants to live. We do guarantee all stock sent out to be well rooted, true to name, properly packed and shipped according to instructions.

Quantity Rates. Forty or more plants at the 100 rate; 300 or more at the 1000 rate.

Order Early. We cannot too strongly urge the advisability of ordering early. In so doing one gets the assortment and pick of the stock and avoids disappointment of possible failure to get order filled complete. Orders may be sent early and stock reserved for later delivery.

Address all communications and make remittances payable to Thomasville Nurseries, Thomasville, Ga.

WE WILL TRADE plants for many items of merchandise, and with farmers for hay, corn, food-stuffs, etc. We started this exchanging during the Depression, and although those days are over and recovery begun, we still think swapping is good and helpful business

• • • Visitors Welcome • • •

Whether you wish to buy or not, come and see lovely
Camellias, Azaleas, Roses, etc., in their seasons of bloom.

No admission charge.

FOREWORD

THERE is always something of interest to see at the "Home of Roses." In winter there are many varieties of Camellias in bloom, and Hollies and Hawthorns are most attractive. In early spring come the Azaleas, with their wealth of beautiful color, soon to be followed by many deciduous spring-flowering trees and shrubs, and the great assortment of Roses which thrive at Thomasville, and bloom, with Altheas, Crape-Myrtles, etc., far into the fall. At all seasons evergreens are beautiful.

We would not appropriate the joy of lovely bloom and foliage to ourselves alone. Visitors are always welcome and not expected to buy every time they come. Good drives are maintained through the nursery fields, and at Hjort's Azalea Woodland the parking ground has been greatly enlarged.

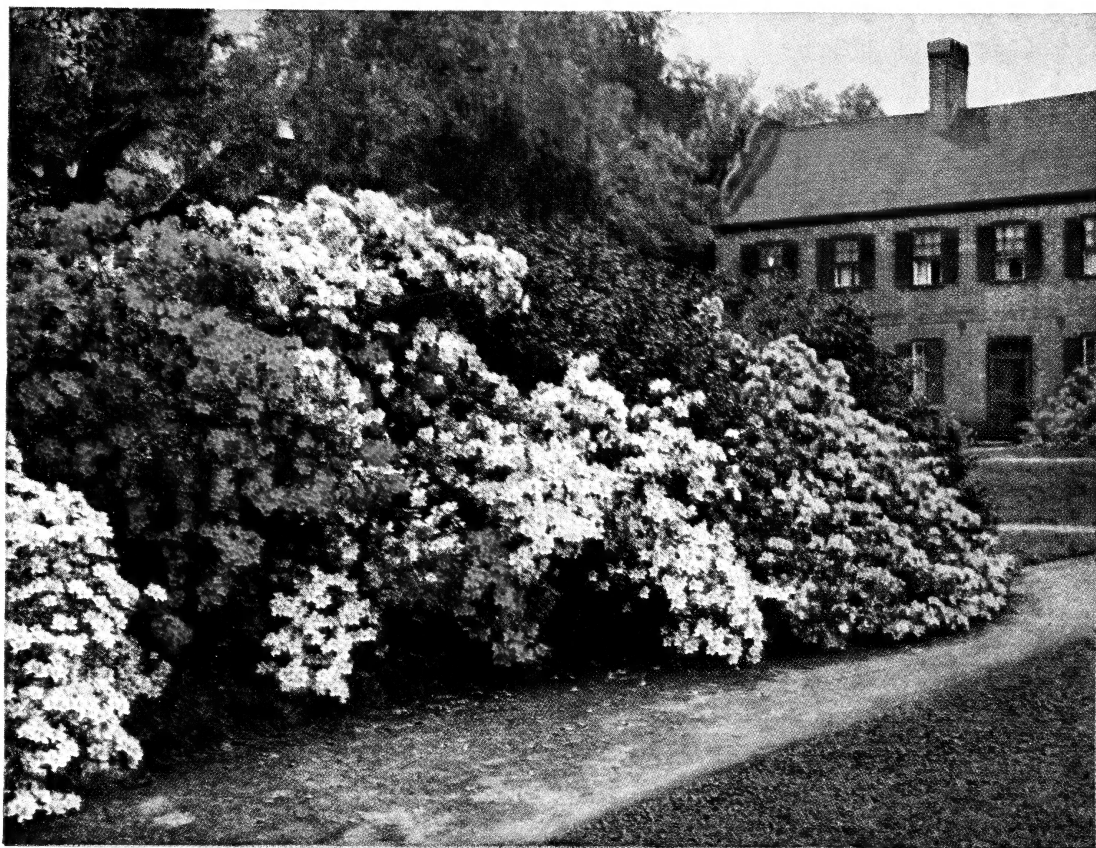

In the tests of new varieties of Azaleas, Camellias, Roses, etc., we have long led the Southeast. We don't have every plant that is new, but we have much that is interesting.

To serve our customers in the planning, preparation, planting and care of their grounds, we operate a Landscape Department, in charge of especially trained men.

Specialists in the field of ornamental trees and shrubs, with no fruit tree or florist business to divide our attention, and with forty-three years of experience here, we believe we can be helpful to those who need the services we render.

THOMASVILLE NURSERIES,
Thomasville, Ga.

INDIAN AZALEAS

Prunus Mume (Flowering Apricot)

DECIDUOUS TREES AND SHRUBS

	Each	12	100
1-yr. plants . . .	\$0 35	\$3 50	\$30 00
2-yr. plants . . .	50	5 00	40 00
3-yr. plants . . .	75	7 50	60 00

Except where noted

ALTHEA. Free-flowering shrub or small tree. Single or double varieties in Red, Pink, Purple, Variegated, and White. 2-yr. plants only.

AMYGDALUS (Flowering Almond). Dwarf shrub with small flowers in late winter. White or Pink. 2-yr. plants only.

CALYCANTHUS floridus. The Sweet Shrub of old-fashioned gardens. 2-yr. plants only.

CERCIS canadensis (Red-bud). With the first touch of spring this native tree is covered with reddish purple flowers.

CORNUS florida (Dogwood). The native White Dogwood is one of the best flowering trees. 3-yr. plants and larger.

C. florida rubra. A pink form of the above. \$1.00 to \$2.50 each.

CYDONIA japonica (Flowering Quince). Rose-red flowers in winter. 2-yr. and 3-yr.

DEUTZIA. Showy spring-flowering shrubs. White or Pink. 2-yr. and 3-yr. plants.

EXOCHORDA grandiflora (Pearl Bush). Large white flowers in earliest spring. 1-yr. plants.

FORSYTHIA (Golden Bell). Late winter- and spring-flowering shrubs with golden yellow flowers. We have upright and drooping kinds, in all sizes.

LAGERSTRÆMIA (Crape-Myrtle). A vigorous shrub or small tree with beautifully fringed flowers in summer. We have Pink, Purple, Watermelon-red, and White.

LONICERA fragrantissima (Upright Bush Honeysuckle). Masses of fragrant, creamy white flowers in midwinter.

MALUS coronaria. The well-known native Crab-Apple. 2-yr. and 3-yr. plants.

PRUNUS Mume. A truly delightful small deciduous tree, covered with deep pink flowers in January. 3 to 4 ft \$1.50 each; 4 to 5 ft., \$2.00; 5 to 6 ft., \$3.00 each.

P. persica. Double-flowering Peach. Three varieties—Pink, Red, White. 2-yr. size only, 50 cts. each; \$5.00 for 12.

SPIRÆA. Indispensable shrubs for mass of border plantings. We supply:

S. arguta. Graceful; half drooping; single; white.

S. Reevesiana. Upright; double; white

S. Vanhouttei. Single Bridal Wreath.

S. Thunbergi. Dwarf; white.

WEIGELA rosea. Vigorous shrub producing a wealth of pink, bell-shaped flowers in early spring.

Forsythia (Golden Bell)

Do Not Wait

Until you see flowering trees and shrubs in bloom to plant them. Set them in the fall or winter for best results.

HJORT'S INDIAN AZALEAS

Azaleas are the most attractive of the winter- and spring-flowering shrubs in the Lower South. Varieties of Indica Azaleas, which are mostly tall growers with a profusion of single flowers, are a mass of beauty on the northern estates and at Hjort's Azalea Woodland from February till April. All of the Azaleas we offer are stocky, well-grown plants, set with the maximum of flower-buds.

PRICES OF INDIAN AZALEAS

	Each	12	100
8 to 10 in.....	\$0 50	\$5 00	\$40 00
10 to 12 in.....	75	7 50	60 00
12 to 15 in.....	1 00	10 00	75 00
15 to 18 in.....	1 50	15 00	100 00
18 to 24 in.....	2 00	20 00	150 00

Varieties of Indian Azaleas

Alba. Large; single; white. Tall; mid-season.

Brilliant. Brilliant deep pink. Small, bushy grower; late.

Coccinea major. Scarlet. Tall; late.

Croemina. Very large flower; light pink. Compact and tall; early. A very fine Azalea and a favorite at Hjort's Azalea Woodland.

Dixie. This salmon-red is one of the finest of the Indica Azaleas. Midseason. This lovely Azalea is one of the hardiest and most satisfactory of all.

Duc de Rohan. Medium-sized; salmon-pink. Early.

Duke of Wellington. An excellent salmon-colored Azalea. Tall, vigorous; late.

Elegans. One of the best early-flowering Azaleas. Light rose-pink. Tall. We usually sell more Elegans than any other Azalea.

Fielder's White. Large; pure white. Early.

Flame. Same as President Claves.

Formosa. Large-flowered, purplish pink, dark-foliaged variety. Generally considered the greatest of all Indica Azaleas, this is always in great demand and always satisfactory in this section.

Frederick the Great. Low, bushy, compact-growing Azalea. Deep salmon. Late.

George Frank. Large; rose-pink with deeper center, one of the loveliest of all Azaleas. Compact; early.

Glory of Sunninghill. Vermilion-red; bright green foliage, and spreading habit. Late.

Iveryana. The favorite variegated Azalea. Large, white flowers, striped pink and orange. Of spreading habit; late.

Lawsal. Bright salmon-pink. Low, bushy grower; late. We highly recommend Lawsal as one of the hardiest and most beautiful of Azaleas.

Omurasaki variegata. Our finest variegated Azalea. Blush-pink with markings of deeper pink and red. Late.

Phœnicia. Large rosy lilac to lavender flower; dark green foliage; spreading grower. One of the best Indica Azaleas.

President Claves (Flame). One of the best of all Azaleas. Flame-red, a delightful color through pine woodland or fronting a dark background. Rather early bloomer for darker-colored Azalea.

Pride of Dorking. Rose-red; large flower. Late.

Pride of Mobile. Deep watermelon-pink; large flower. Late. Very satisfactory.

Prince of Orange. Scarlet. Low, spreading, compact; late.

Royal Purple. Variable single and semi-double flowers of violet-purple; foliage dark green. Habit compact. A very good Indica variety.

Royal Red. The finest of the late-flowering Azaleas, with brilliant red flowers. Tall, compact.

Violacea rubra. Same as Royal Purple.

Vittata Fortunei. Flowers white with pink or lavender stripes, borne at intervals from October to March. Strong, open grower.

William Bull. The only double-flowering Indica Azalea we list. Many pomegranate-red flowers produced rather late in the Azalea season. An open, branched, picturesque grower.

Azalea Dixie

Hjort's Kurume Azaleas

The Kurumes, natives of Japan, fully one thousand miles farther north than the native habitat of the Indica varieties, are by far the hardiest Azaleas, and in the Lower South have stood perfectly the freezes which damaged more tender kinds. The Kurume Azaleas, contrary to popular belief, are not all dwarf growers. There are medium and tall kinds, and the widest assortment of color. We have developed a large stock of these dependable Azaleas, and our prices are lower than these plants can usually be bought for, while the quality is the best. Our plants, from smallest to largest, are shapely and well set with buds.

PRICES OF KURUME AZALEAS

	Each	12	100		Each	12	100
6 to 8 in.....	\$0 50	\$5 00	\$40 00	12 to 15 in.....	\$1 50	\$15 00	\$100 00
8 to 10 in.....	75	7 50	60 00	15 to 18 in.....	2 00	20 00	150 00
10 to 12 in.....	1 00	10 00	75 00	Larger specimen plants	\$3.50 to \$40.00	each.	

VARIETIES OF KURUME AZALEAS

* The double varieties are marked thus*; all other varieties are single.

Apple Blossom. Single flowers; apple blossom color. Midseason.

***Amoena.** Flowers rosy purple, in dense masses. Hardy; tall, early.

Bridesmaid. Glowing salmon-pink; small glossy foliage. Midseason.

***Carmine Prince.** Rather large for a Kurume; carmine-red. Medium, compact; rather late.

***Cherry Blossom.** A favorite of the tall growers; very light pink. Somewhat late in flowering.

***Christmas Cheer.** Brilliant bright red; the small foliage is very dark green and compact. The earliest of the red Kurumes. Medium.

***Coral Bells.** Beautiful shell-pink, shading somewhat deeper at center; free flowering and dainty. The dwarfiest of the dwarfs; ultimate height 4 feet. Early.

Daybreak. Large clusters of shell-pink flowers. Midseason.

E. K. James. Large flower for a Kurume; deep flame-red. Tall grower. Late. Seedling originating with us, and named in honor of the late vice-president of our corporation.

Flame. This Flame Azalea is one of the best of the Kurumes and one of the tallest growers. Midseason.

***Hexe.** Large, deep red flowers. Late bloomer.

Hinomayo. Beautiful rose-pink; foliage small; profuse bloomer. Often used as a background planting for Coral Bells. Tall; early.

Hinodegiri. Brilliant scarlet; foliage rounded and deep green. A midseason bloomer, coming into flower just before Christmas Cheer has finished. Medium.

***Hortensia.** One of the taller growers of the pink Kurumes. Midseason.

Irene. A lovely new Azalea originating with us. Blush-white with deeper center. Tall; midseason.

Lavender Queen. A Kurume often used to edge the Indica Azaleas Phœnicia and Formosa. Medium; late.

***Mauve Beauty.** Delicate mauve flowers. Compact, bushy plant.

Orange Beauty. This Azalea of tangerine-orange is the earliest of the Kurumes to flower at Thomasville. Growth like that of Coral Bells.

Peach Blow. A fine Kurume with flowers of light peach-blossom-pink. One of the fastest of the Kurumes. Tall; midseason.

***Pink Pearl.** Light pink, produced in dense clusters. Tall; midseason.

Ramantacea. Hardy, tall-growing Azalea related to Kaempferi. Pure white. Late.

***Salmon Beauty.** Large; salmon-pink. Free flowering. Midseason.

Salmon Queen. This salmon-colored Kurume Azalea is one of the best of the single-flowering kinds. Medium; midseason.

***Snow.** The best of the white Kurumes. Medium; midseason.

Sweet Brier. Same as Daybreak.

VISIT HJORT'S AZALEA WOODLAND

March is the month of Azaleas, at which time the midseason varieties are at their height, and these contain the greatest range of color and form. In March we are glad to have visitors come on Sunday afternoons and enjoy with us the wonderful display of Azalea bloom at Hjort's Azalea Woodland, two miles east of Thomasville on the paved State Road No. 38. Late Azaleas, including beautiful native varieties, bloom far into April.

Enlarged and ample parking facilities are provided and conveniently placed signs guide you easily through the Azalea plantings. All the main roads into Thomasville are paved, and visitors from many cities in this section have found it a delightful Sunday afternoon trip to drive over to see the Azaleas at Hjort's Azalea Woodland.

Absolutely no admission charge or collections taken and nobody is asked to buy. This is the greatest display of Azalea color and varieties in this section. Come and enjoy it with us.

TWELVE JAPANESE KURUME AZALEAS

Hjort's Superior Native Azaleas

Azalea canescens

Varieties of Native Azaleas

AZALEA austrina. This beautiful Azalea is found in northwestern Florida to Central Georgia. Flame is the usual color, but some are almost red, and we have a limited stock of yellow. When ordering Austrina state colors desired. We highly recommend this Azalea.

A. alabamiensis. A highly fragrant and very scarce native Azalea. White or white with yellow spot. Very desirable.

A. calendulacea. Native in central Georgia to the Carolinas, but fairly well adapted to southern Georgia. Large flame to red flowers.

A. canescens. The most common of the native Azaleas and is found throughout southern Georgia and northern Florida, growing on moist but well-drained soil. Light pink. Blooms a little earlier than other native Azaleas.

A. speciosa. A central Georgia Azalea with large flowers in varying shades of pink.

Some of the loveliest colors in Azaleas are found in our hardy native, deciduous varieties. For years we have diligently collected the finer types, cut them back and grown them over into select, stocky plants, which are far superior to those usually offered direct from the woods.

In Baker County, Georgia, we collected a yellow form of *Azalea austrina* which is rare, and in extreme southwestern Georgia and southeastern Alabama we secured the best types of the highly fragrant *A. alabamiensis*. In Middle Georgia we have collected good types of *A. austrina*, *A. speciosa* and some *A. calendulacea*. Native azaleas are perfectly hardy, and they bloom late, extending the flowering season far into April. They should find a place in every Azalea garden.

PRICES OF NATIVE AZALEAS

	Each	12
18 to 24 in., stocky, balled and burlapped.....	\$1 50	\$15 00
2 to 3 ft., stocky, balled and burlapped.....	2 50	25 00
3 to 4 ft., stocky, balled and burlapped.....	5 00	50 00

Miscellaneous Azaleas

AZALEA Kaempferi, Deep Pink. A very hardy, late-flowering, large Azalea of upright growth and dark green foliage. Same sizes and prices as *A. indica*. An excellent April-flowering Azalea.

A. macrantha. Late spring and summer-flowering Azalea, fine for greatly extending the flowering season. Single and double pink kinds. Same sizes and prices as Kurume Azaleas.

KALMIA latifolia (Mountain Laurel). One of the most beautiful native evergreens. In mid-spring it is covered with clusters of small pinkish white blossoms, and the foliage is narrow and glossy green. 12 to 18 in., \$1.00 each; 18 to 24 in., \$1.50.

BUILD ROCK-GARDENS, POOLS, ETC.

Our Landscape Department builds rock-gardens, pools, lawns, etc., does tree surgery, grading, pruning, and spraying, and will supply garden furniture and irrigation equipment. We like to do as much of this service work in the summer as possible.

HJORT'S FANCY CAMELLIAS

T. K. Variegated

THE Camellias are the aristocrats of Southeastern flowering shrubs, or small trees. Once established, they withstand extremes of drought or cold. Apart from the lovely blooms in a wide range of charming colors and forms, the plants are evergreen, and always choice ornamentals, whether used as specimens or with azaleas or other plants in borders or varied plantings.

The Camellias we offer this year are some of the finest we have ever grown. Many varieties are in very limited supply, due to the ever-increasing demand for the better kinds, and we urge ordering early, for delivery at once or to be reserved.

GROUP 1

PRICE OF GROUP 1 CAMELLIAS

	Each	12
8 to 12 in.	\$1 00	\$10 00
12 to 15 in.	1 50	15 00
15 to 18 in.	2 00	20 00
18 to 24 in.	2 50	25 00
2 to 2½ ft.	3 50	35 00
2½ to 3 ft.	5 00	40 00

Alba plena. Full, very double and regular; pure white, wax-like. An early bloomer and great favorite.

Candidissima. Full, double; pure white. Midseason. Sometimes called "White Star Camellia."

Chandleri elegans. The standard of perfection in Camellias. Large; peony-form; deep pink with white splotches. See color illustration, page 13.

Cliveana. Medium; peony-form; bright pink. Late.

Col. Firey. Double; brilliant red. Late. 15 to 18-in. size only.

Concordia. Medium; peony-form; white with pink stripes. Very symmetrical and shapely bush.

Countess of Orkney. Rose double; white with fine pink stripes. Extra early. Profuse bloomer.

Cupid's Blush. Rose double; very light pink, with faint marking of deeper pink. 18 to 24-in. size only.

Duchesse d'Orleans. Fairly large; peony-form; creamy white, with faint pink flecks. A favorite where known.

Eleanor Franchetti. Very large; double; peony-form; white with few pink stripes and flecks.

Gloire de Nantes. Large; semi-double; cerise-red, showy yellow stamens. Heavy, dark green foliage.

Harlequin. Large; peony-form; mostly light pink, but very variable. 12 to 15-in. size only.

Herme. One of the choicest of all Camellias. Large; loose peony-form; light pink with white edges and pink and red splotches.

Honneur d'Amerique. See Monarch.

Horkan. See Rena Campbell.

Imperator. Medium; semi-double; deep pink to light red.

Lady Marion. Rose double; large; bright pink. Distinct, large, rather rounded foliage. Not to be confused with the newer variety Kumusaka which some growers incorrectly renamed Lady Marion. Our Lady Marion is the older, double variety, and is very satisfactory.

Lady Vansitti. A rare and choice Camellia with carnation-form flowers of deep red. Late. Distinct pointed foliage.

Marchioness of Salisbury. Medium; double peony-form; very dark red, splotched white. 15 to 18-in. and 18 to 24-in. sizes only.

Marianna Gaete. Large; double; rose-pink. Heavy foliage. Compact grower. 18 to 24-in. size only.

Mathotiana alba. Large; double; white. Late. Large foliage.

Mme. de Strekaloff. A variable, peony-form, light pink with darker blotches and streaks.

Mrs. Abby Wilder. Double; peony-form; white with faint pink stripes. Sometimes called the "White Prof. Sargent."

Monarch (Honneur d'Amerique). Large; first row of petals imbricated, others small, compact, ruffled; deep pink to light red, occasionally dotted white.

Nobilissima. Semi-double; approaching loose peony-form; white.

Pink Perfection. All that the name implies. Small, double, shell-pink flowers in profusion; early. Bush symmetrical in growth, hard. This variety should be in everyone's collection of Camellias. See illustration, page 10.

Meigs Variegated

HJORT'S FANCY CAMELLIAS continued

Prince Albert. Double peony-form; light pink with large deep pink, candy stripes. 8 to 12-in. and 12 to 15-in. sizes only.

Prof. Sargent. One of the really great Camellias. Large, double peony-form, pin-cushion type; solid crimson. Very early. Should be included in every Camellia collection. See color illustration, page 12.

Reine des Fleurs. Very double, high-centered flowers of rich vermilion-red, flaked white. 8 to 12-in. to 15 to 18-in., sizes only.

Rena Campbell (Variabilis; Horkan). Variable in form, mostly semi-double; flowers very variable, from white to red, but mostly pink and white variegated. 8 to 12-in. and 12 to 15-in. sizes only.

Semi-Double Blush (Celtic rosea). A chaste and beautiful Camellia. Almost single; blush-white.

Sweeti Vera. Large; semi-double; blush-white with pink splotches, occasionally a solid pink flower.

Theresa Mossine. Full double; clear pink, slightly lighter in center. Compact grower.

T. K. Variegated. Semi-double; deep pink with white splotches and red stripes. Small, narrow leaves. Bush compact, symmetrical grower. See color illustration, page 9.

Triphosa. Large; single; white, with showy yellow stamens. 15 to 18-in. and 18 to 24-in. sizes only.

Water Lily (Cameo Pink). Semi-double; usually shell-pink, but is variable. Unusual in that it resembles a water-lily. 12 to 15-in. and 15 to 18-in. sizes only.

Camellia, Pink Perfection

GROUP 2

PRICES OF GROUP 2 CAMELLIAS

	Each	12
8 to 12 in.....	\$0 75	\$7 50
12 to 15 in.....	1 00	10 00
15 to 18 in.....	1 50	15 00
18 to 24 in.....	2 00	20 00
2 to 2½ ft.....	2 50	25 00
2½ to 3 ft.....	3 00	30 00

Altheaflora. Medium; semi-double; rich pink with orange tint. Vigorous grower.

Bonomiana. Full double; white with pink splotches. 8 to 12-in. to 15 to 18-in. sizes.

Brown's Red. Peony-form; dark red. Very late bloomer.

Carnation (Christmas Glory; Rose Emery). Carnation-form; deep red. See illustration, page 11.

Comte de Gomer. Imbricated; white, with pink stripes, occasionally blush-pink. 8 to 12-in. to 12 to 15-in. sizes.

Dixie. Much like the well-known Sarah Frost, but lighter, and foliage is somewhat smaller. A very dependable Camellia.

Elizabeth. Large; full double; pure white. Late.

Feasti. Large; full double; white, occasional solid pink flowers. Late.

Gaiety. All that the name signifies. Bears a profusion of small, semi-double, red and white variegated flowers. Bush is of compact growth. Foliage large, dark green.

Imbricata. Large; double; bright red with occasional white dots. Dark green, twisted foliage.

Jarvis Red. Semi-double; deep scarlet, with showy yellow stamens.

Kellingtonia. Peony-form; red and white variegated. Rapid grower for this type Camellia. Should not be confused variety formerly sent out as "Kilwingtonia" and later renamed Gigantea.

AZALEAS AND CAMELLIAS

By H. Harold Hume

A valuable new book of practical information dealing with these beautiful, increasingly popular and distinctively Southern shrubs. Thoroughly describes varieties best suited for various uses and discusses questions of culture, such as soils, fertilization, and general care. 98 pages. Cloth \$1.50.

Camellia, Carnation

Camellia, Maurice Hurst

HJORT'S FANCY CAMELLIAS, continued

Lilyi. Bears a profusion of small, double, pure white flowers.

Maurice Hurst. Local name of a fine Camellia at Pelham, Ga., imported from France many years ago and name lost. We have tried for 15 years to find original name. Very large; loose semi-double; light-rose to salmon-rose-pink. Large foliage. Fast grower, and one of the most satisfactory of all Camellias. See illustration.

Meigs Variegated. Large; light rose-pink, sometimes splotted white; full; double. Distinct, glossy somewhat pointed foliage. Fast grower; early and profuse bloomer.

Prince Eugene Napoleon (Pope Pius IX). Rose double; scarlet. Heavy bloomer and fast grower.

GROUP 3

PRICES OF GROUP 3 CAMELLIAS

	Each	12
8 to 12 in.....	\$0 50	\$5 00
12 to 15 in.....	75	7 50
15 to 18 in.....	1 00	10 00
18 to 24 in.....	1 50	15 00
2 to 2½ ft.....	2 00	20 00
2½ to 3 ft.....	2 50	25 00

Americana. Rose double; pink and white variegated, sometimes solid white or pink flowers occur.

Sarah Frost. A good Camellia in the low-price group only because the supply is ample. Full rose double; rose-pink. Free flowering. Compact, shapely and fast-growing bush. A highly satisfactory Camellia.

Single Red. Small, single red flowers. Bush is rapid grower.

Whipple Tricolor. Small single flowers, mostly pink, but white, variegated and red are often found on the same bush. Fast grower. Originated at Quitman, Ga.

Double Pink. Several unnamed pink varieties.

Double Red. Several unnamed red varieties

Double Variegated. Several unnamed variegated varieties.

Camellia Sassanqua. Highly desirable fall-blooming. Camellia, with small, dark green leaves, and small flowers, the best variety is Single Pink. We also have Double Pink and Double White. All *Camellia Sassanqua* are of Group 3 prices.

LARGE CAMELLIAS. In tubs and cans, under lath-houses, in woodland, and in fields, we have many larger Camellias, priced according to variety, form, and size. Write us as to what you would like, or, if possible, come to the nursery.

Group A Camellias

These are new and rare varieties, mostly grafted, stocky plants. The quality is excellent but the supply is limited.

Aunt Jetty. Same as Gov. Mouton.

C. M. Hovey. Much like Wm. S. Hastie, but with some white spots. 18 to 24 in., \$5.00 each.

Coletti maculata. Semi-double; red and white variegated. Slow grower, but very fine. 8 to 12 in., \$2.00 each; 12 to 15 in., \$2.50; 15 to 18 in., \$3.50.

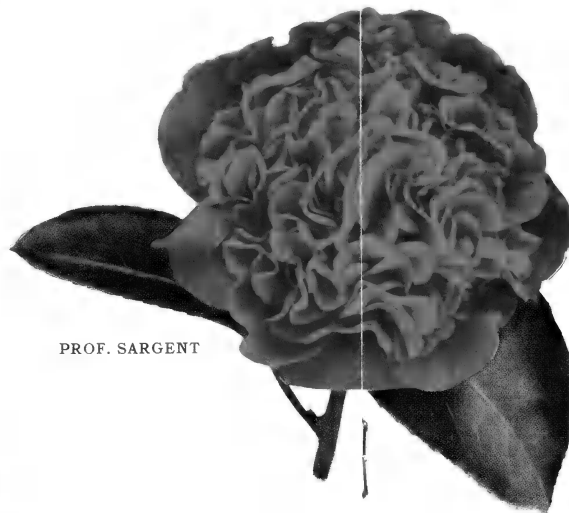

Debutante. Same as Sarah C. Hastie.

Donklaeri. One of the finest of all loose peony-form Camellias; red and white variegated. Ours is the genuine, grafted from wood taken from an old plant at residence of Dr. Jarrell in Thomasville. 18 to 24 in., \$15.00 each; 2 to 3 ft., \$25.00.

Gigantea (Magnolia King; Kilwingtonia). The name fits perfectly. Semi-double; red and white; extra large. Extra-large foliage. 8 to 12 in., \$2.00 each; 12 to 15 in., \$2.50; 15 to 18 in., \$3.00; 18 to 24 in., \$4.00. A few larger plants available.

SARAH C. HASTIE

PROF. SARGENT

CHANDLERI ELEGANS

WILLIAM S. HASTIE

MARCHIONESS OF EXETER

HJORT'S FANCY CAMELLIAS, *continued*

Gov. Mouton (Aunt Jetty). Peony-form; dark red, sometimes marbled white. Late. Dark foliage. 8 to 12 in., \$2.00 each; 12 to 15 in., \$2.50; 15 to 18 in., \$3.00. A few larger plants available.

Mathotiana rubra. See Wm. S. Hastie.

Marchioness of Exeter. Peony-form; light pink, sometimes faint white markings. See color illustration. 8 to 12 in., \$2.00 each; 12 to 15 in., \$2.50; 15 to 18 in., \$3.00.

Purity. Usually full double, but some flowers have short stamens. Late. A good cut-flower variety. 8 to 12 in., \$1.50 each; 12 to 15 in., \$2.50; 15 to 18 in., \$3.00.

Sarah C. Hastie (Debutante). A beautiful light pink; peony-form. Very early. Large, light green foliage. A most delightful Camellia. See color illustration. 8 to 12 in., \$2.50 each; 12 to 15 in., \$3.00; 15 to 18 in., \$4.00; 18 to 24 in., \$6.00.

Victor Emanuel (Blood of China). A most striking Camellia. Large; peony-form; dazzling deep red. Dark green foliage. 15 to 18 in., \$10.00 each; 18 to 24 in., \$15.00; 2 to 2½ ft., \$25.00.

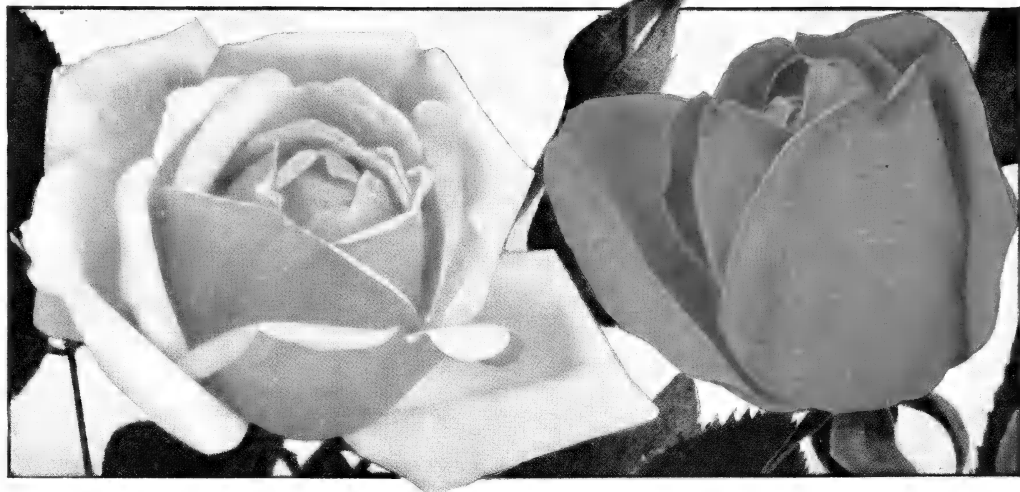

Wm. S. Hastie (Mathotiana rubra; Purple Dawn). Extra large; usually full double, but sometimes is semi-double; rich, deep red. A truly magnificent Camellia. See color illustration. 8 to 12 in., \$2.50 each; 12 to 15 in., \$3.50; 15 to 18 in., \$5.00; 18 to 24 in., \$8.00.

Other New and Rare Camellias

Radiance and Red Radiance Roses

Hjort's Thomasville Roses

43 Years with Roses

Since 1898 the growing of quality Rose plants has been a specialty with us. The 1940 growing season was very fine, and our 2-yr. No. 1 plants are top quality—we cater to the patronage of those who want the best. You will like these Roses, budded on stocks suited to the Southeast, and guaranteed true to name.

Prices of Hybrid Tea Roses, except as noted, 2-yr. No. 1 plants, 30 cts. each, \$3.00 per 12, \$22.50 per 100; 6 at 12 rate, 40 at 100 rate.

HYBRID TEA ROSES

Ami Quinard. Deep, velvety crimson.

Betty Uprichard. Orange-carmine.

Caledonia. Large, double, high-centered; white.

Christopher Stone. Vivid scarlet, overlaid velvety crimson. 50 cts. each.

Condesa de Sagato. A Spanish novelty of high coloring—coppery red and yellow.

Countess Vandal. Patent 38. Best of patented pink Hybrid Teas. \$1.00 each.

Crimson Glory. Patent 105. Truly a glorious variety. Dark red. Stiff stems. \$1.25 each.

Daily Mail Scented Rose. Semi-double; bright red; fragrant.

Dainty Bess. Charming, large, single wild-rose pink flowers in clusters. For exhibition, disbud, leaving one flower to grow large. This delightful Rose is a strong grower and free bloomer.

Dame Edith Helen. Soft rose-pink.

Duquesa de Penaranda. Apricot-orange; long-pointed buds.

Edith Nellie Perkins. Deep pink, shaded salmon.

Editor McFarland. By long odds the best new pink Hybrid Tea Rose. Comparable to Radiance in growth and blooming. During the hottest summer weather it was our best pink variety. Fine for cutting.

E. G. Hill. Fragrant, massive blooms of deep crimson.

Elizabeth of York. Cerise-pink, shaded yellow.

Etoile de Hollande. The most generally successful of deep red Roses. Brilliant crimson; fairly double. Vigorous.

Golden Dawn. A newer deep yellow Hybrid Tea.

Golden Talisman. Texas. The name describes this variety. 50 cts. each.

Innocence. Large single white flowers with golden stamens. 50 cts. each.

Irish Elegance. Single variety with bronze-pink buds, opening apricot and yellow.

ROSE COLOR ILLUSTRATIONS

In our office we have color illustrations of nearly all of our Rose varieties. In the blooming season, see them in the fields.

HYBRID TEA ROSES, continued

Irish Fireflame. Another single variety. Orange-crimson, shaded pink and gold.

Kaiserin Auguste Viktoria. The most generally satisfactory of white Hybrid Teas.

Killarney. Deep pink. Long a Southern favorite.

Killarney Queen. Sport of Killarney with larger flower of deeper pink.

Luxembourg. Yellow, beautiful bud; full flower.

Margaret McGredy. Scarlet.

McGredy's Scarlet. Large, full, fragrant, scarlet.

Mme. Jenny Gillemot. Sulphur-yellow, pointed bud.

Mrs. A. R. Waddell. Deep apricot. An old favorite.

Mrs. Charles Bell. The shell-pink Radiance. Large, well-shaped blooms on stiff stems. Free bloomer; even more vigorous than its parent.

Mrs. Erskine Pembroke Thom. Large; bright canary-yellow.

National Flower Guild. One of the most vigorous and free blooming of red Roses.

Ophelia. Salmon-flesh, shaded rose.

President Herbert Hoover. Flame-pink, scarlet and yellow.

Radiance. By long odds the most popular of all Roses. Carmine-pink, on strong stems. Vigorous; free bloomer.

Red-Letter Day. Almost single; large petals; intense scarlet. Strong and free bloomer.

Red Radiance. Easily the leading red Rose

Red Talisman. Texas. All the name implies. 50 cts. each.

Rev. F. Page-Roberts. Coppery red, opening yellow.

Roslyn. One of the best of the newer deep yellows.

Rouge Mallerin. Brilliant scarlet; large.

Sœur (Sister) Therese. Long-pointed, chrome-yellow buds, opening to daffodil-like flowers.

Syracuse. Crimson-scarlet flowers on long stems.

Talisman. Brilliant red and gold buds, opening orange-yellow.

Una Wallace. Deep pink.

Vesuvius. A fine single variety; deep crimson.

White Killarney. Sport of Killarney. A good white.

HYBRID PERPETUAL ROSES

Baroness Rothschild. Delicate shell-pink.

Duchess of Sutherland. Peach-pink large.

Frau Karl Druschki. The one pure white Rose, better known as White American Beauty.

General Jacqueminot. Clear red very fragrant.

Georg Arends. Soft rose-pink. A lovely Rose.

Gloire de Chedane-Guinoisseau. Dark velvety red.

Gloire Lyonnaise. Large, creamy white flower. Thornless stems.

Heinrich Munch. Immense flowers of shell-pink.

Hugh Dickson. Crimson; full and double.

J. B. Clark. Intense crimson. In this section the favorite red Hybrid Perpetual.

King George V. Valuable English Hybrid Perpetual. Deep red.

Magna Charta. Bright pink suffused carmine.

Marshall P. Wilder. Deep crimson; large; fragrant.

Paul Neyron. Deep pink; immense. A favorite in its class.

Prince Camille de Rohan. Deep maroon.

Ulrich Brunner. Deep red; shaped like Paul Neyron.

Hjort's Fine, Old-fashioned Tea Roses

The Great Rose of the Lower South

Most Tea Roses are delightfully fragrant, and the bushes live many years.

PRICES OF TEA ROSES; 2-yr. No. 1 plants, 30 cts. each, \$3.00 for 12, \$22.50 per 100, 6 at 12 rate, 40 at 100 rate.

Alexander Hill Gray. Solid yellow in bud, opening lighter.

Bridesmaid. Clear pink; long, strong stems. **Comtesse Riza du Parc.** Rose to carmine. A fine old variety.

Duchesse de Brabant. Light rose to shell-pink. An old favorite.

Freiherr von Marschall. Carmine-red. Vigorous.

Helen Gould. Bud long-pointed, opens well; fragrant; medium pink.

Isabella Sprunt. Large, double sulphur-yellow. A strong grower.

Lady Hillingdon. Beautiful pointed buds of deep yellow.

Louise Philippe. (Bengal.) Deep crimson. Shiny foliage. Good fall and winter bloomer. Fine for hedges.

Maman Cochet. Light pink, shaded rose; long buds and heavy flower. Very fine.

Marie van Houtte. Canary-yellow, petals tipped pink. Free bloomer. Fine for the South.

Minnie Frances. Very open; deep pink. A fine Tea variety.

Mlle. Franziska Kruger. Coppery yellow and pink. Growth very vigorous. Free bloomer.

Mme. Jos. Schwartz. A white form of the popular Duchesse de Brabant.

Mme. Lambard. Bright rose, deepening in color in fall. Strong grower; profuse bloomer. A great favorite in the Lower South.

Mme. Melanie Soupert. Salmon-yellow, shaded pink. An old Rose, but one of the very best. If it were new it would be pictured and praised everywhere.

Mrs. B. R. Cant. Deep rose to light red. A good variety.

Mrs. Dudley Cross. Most vigorous of all yellow Roses. Light yellow, long, Cochet-like bud and immense flower. Free bloomer over a long flowering season.

National Emblem. Long-pointed crimson buds. Free bloomer. Vigorous.

Papa Gontier. Rosy crimson; fine long-pointed bud.

Safrano. A fine old saffron-yellow Tea Rose.

Sunny South. Pink, flushed carmine on yellow base. Growth very vigorous. Free bloomer.

White Maman Cochet. The best white Tea. We vote it the best of all white Roses for this section.

William R. Smith. Blush-pink; large, pointed bud and heavy flower on stiff stem. Always satisfactory; there never was a better Rose.

CLIMBING ROSES

PRICES OF CLIMBING ROSES

2-yr. No. 1 plants, 30 cts. each, \$3.00 for 12,
\$22.50 per 100, except as noted. 6 at 12 rate,
40 at 100 rate.

American Pillar. Beautiful single Roses borne in clusters; deep pink with white eye. Profuse spring bloomer.

Beauty of Glazenwood. Orange-yellow, with red-dish tints. A good climbing Rose.

Black Boy. Excellent deep red Australian climber.

Chaplin's Pink Climber. Pink replica of Paul's Scarlet Climber.

Climbing Columbia. This climbing offspring of bush Columbia succeeds.

Cl. Dainty Bess. A fine sport of the popular single-flowering pink bush Rose.

Cl. Etoile de Hollande. Fine climbing sport.

Cl. Maman Cochet. A vigorous sport of the bush variety. Good bloomer.

Cl. Mlle. Cecile Brunner. A strong climbing form of the favorite Sweetheart Rose.

Cl. Mme. Caroline Testout. Large; satiny pink.

Cl. Mrs. Aaron Ward. Good yellow climber.

Cl. Mrs. Charles Bell. A climbing form of the popular shell-pink Radiance. Good bloomer.

Cl. Perle des Jardins. Yellow climbing Noisette Rose similar to Marechal Niel but more vigorous.

Cl. President Hoover. Strong climbing form of a favorite Rose.

Cl. Radiance. A fine climbing Rose, developed from the bush Radiance, universally the most popular Rose. Constant bloomer.

Cl. Red Radiance. Very satisfactory climbing Rose. Sport from the bush Red Radiance. Constant bloomer.

Cl. Talisman. A vigorous sport of the bush Talisman and identical in color.

Cloth of Gold. Sulphur-yellow, deeper center. Good bloomer.

Daydream. One of the finest of the new Australian climbers. Large, semi-double, rose-pink flowers. Fairly continuous bloomer. Vigorous.

Dr. Huey. Semi-double; very deep red. Profuse spring bloomer.

Dr. W. Van Fleet. One of the most beautiful of flesh-pink Roses. Profuse spring bloomer.

Heart of Gold. Single; deep scarlet, with showy stamens in center. Spring bloomer.

Jacotte. Rich orange-apricot, with coppery red tints. Very good.

Mme. Gregoire Staechelin

Kitty Kininmonth. Glowing deep pink. One of the best new Australian climbers. Large, semi-double flowers. Fairly continuous bloomer.

Marechal Niel. A great Southern favorite. Deep yellow.

Mary Wallace. Large; deep pink. Profuse spring bloomer. A delightful variety.

Mme. Gregoire Staechelin (Spanish Beauty). A delightful pearl-pink climbing Rose; fragrant. Free bloomer.

Paul's Scarlet Climber. The most popular climbing Rose in the Southeast. Brilliant scarlet flowers, borne in great profusion in early spring.

Pink Cherokee. Glowing pink, single flowers, borne in great profusion in earliest spring.

Red Cherokee. A red form of the above.

Reine Marie Henriette. For many years the leading red climbing Rose. A great favorite.

Reve d'Or. At Thomasville this is the most popular of yellow climbing Roses.

Silver Moon. Large, pure white, single flowers in great profusion in spring.

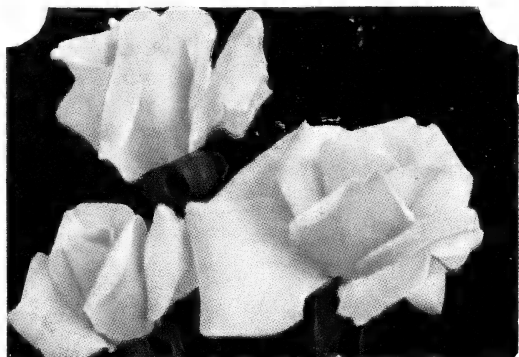

White Banksia. Clusters of small, double, white flowers borne in earliest spring.

White Cherokee. The well-known, single, white-flowering Rose used so much in the Southeast. Very early bloomer.

William Allen Richardson. Medium-sized, deep orange-yellow flowers.

Yellow Banksia. A unique and truly great Southern Rose, bearing great clusters of small, double, yellow flowers in very early spring.

WHAT EVERY ROSE-GROWER SHOULD KNOW is the name of the American Rose Society's valuable handbook . . \$1.10 postpaid

Perle d'Or

FLORIBUNDAS (LARGE POLYANTHAS)

ROSES

PRICES OF FLORIBUNDA ROSES

2-yr. No. 1 plants
30 cts. each, \$3.00 for 12, \$22.50 per 100,
except as noted

Hailed as the ultimate development among modern Roses, this new class possesses every

qualification for which the world's great hybridizers have striven for years. Perfect blossoms approaching Hybrid Tea size, carried in thick clusters reminiscent of the old-time Polyanthas, to which they trace their ancestry.

They are ideal for planting in groups in beds or shrub borders, or as groups among shrubs and evergreens. In either instance their persistent continuity of bloom and the heavy massing of their color effects affords a striking and permanent effect from spring till late fall. They merit an important place in any garden where color is important.

Anne Poulsen. Patent 182. Large, semi-double, scented, scarlet-crimson flowers. 75 cts. each.

Betty Prior. Patent 340. Large; light pink; fragrant; large clusters. 85 cts. each.

Carillon. Patent 136. Orange-scarlet buds, opening to coral-flame. 85 cts. each.

Cecile Brunner. The well-known "Sweetheart Rose." A Tea-Polyantha bearing many clusters of small, double, light pink flowers.

D. T. Poulsen. Bright blood-red flowers in large clusters.

Donald Prior. Patent 377. Large; semi-double; bright scarlet. Very compact grower; continuous bloomer. Holds foliage through hottest weather. At Thomasville the best red Floribunda. 85 cts. each.

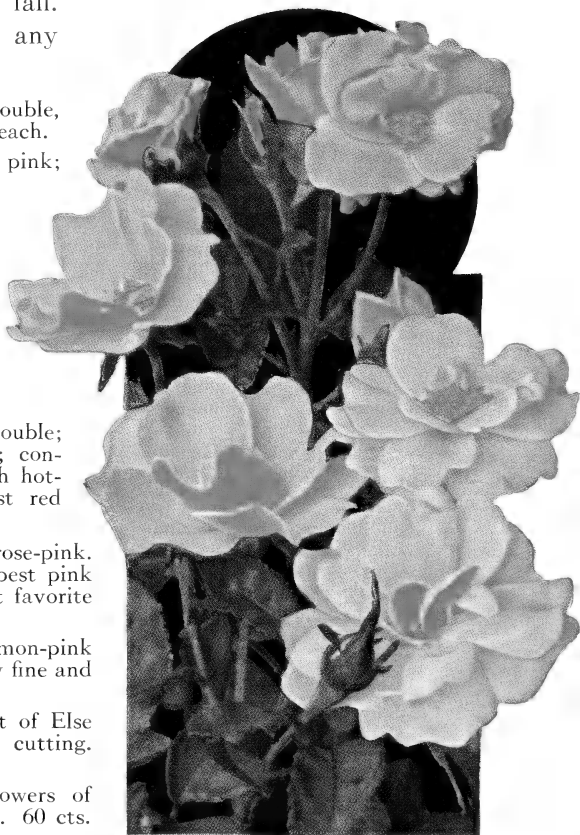

Else Poulsen. Large; semi-double; bright rose-pink. Vigorous, upright grower. Easily the best pink Floribunda in our gardens, and a great favorite in the Southeast.

Gruss an Aachen. Large, double, salmon-pink flowers on small, compact bush. A truly fine and dependable Rose.

Joyous. Patent 381. A deep pink sport of Else Poulsen. Like the parent, is fine for cutting. \$1.00 each.

Karen Poulsen. Very large, single flowers of brilliant scarlet. A striking Floribunda. 60 cts. each.

Kirsten Poulsen. Medium-sized, single light red flowers. Strong, upright bush.

Else Poulsen

FLORIBUNDA ROSES, continued

Lafayette. Semi-double; cherry-red. Vigorous.

Perle d'Or. The salmon "Sweetheart Rose." Deeper in color than Cecile Brunner.

Permanent Wave. Patent 107. The name fits. Large, rose-pink flower with cerise edges; petals fluted or waved. 75 cts. each.

Pink Gruss an Aachen. A good Rose, like its parent, but deep pink.

Poulsen's Yellow. A prize New Floribunda. Orange-tinted, Indian red buds, opening buttercup-yellow. Profuse bloomer in large clusters. \$1.50 each.

Snowbank. Patent 279. Semi-single white flowers with blush tint on opening, but soon turning white. 85 cts. each.

Snowflake. A Tea-Polyantha with large, creamy white flowers in compact bush.

Summer Snow. Patent 416. Pure white flowers of medium size in large clusters. 75 cts. each.

Viscountess Charlemont. Patent pending. Buds salmon-rose, opening satiny pink with yellow base; large clusters. 85 cts. each.

White Aachen. Patent pending. A white sport of the popular Gruss an Aachen. 75 cts. each.

World's Fair. Large, very dark red, flowers on compact bush. \$1.00 each.

Eblouissant

Dwarf Polyantha (Baby) Roses

2-yr. No. 1 plants, 30 cts. each,
\$3.00 for 12, \$22.50 per 100.

Chatillon Rose. Small, double, rose-pink flowers, borne profusely over a long season.

Eblouissant. Semi-double; deep red; slightly fragrant.

Ellen Poulsen. Soft rose-pink; small; semi-double; compact.

Gloria Mundi. Huge clusters of small, orange-scarlet flowers of a deeper tone than Golden Salmon.

Golden Salmon Superior. Improved Golden Salmon. More lasting in sun.

Ideal. Dark, velvety red flowers, freely produced.

Katharina Zeimet. Best double white Baby Rose.

Miss Edith Cavell. Small, double, deep red flowers. An excellent bloomer.

Orleans. Cherry-red, with white eye.

Sparkler. A sparkling red, double-flowering Polyantha. One of the best of the newer kinds.

Poulsen's Yellow

ILEX (HOLLY). Our Hollies are grown from cuttings or grafted from heavy bearing specimens, insuring handsome plants. We dig with a good ball of earth.

I. cornuta (Dwarf Chinese Holly). Leaves dark, shiny green, usually with five sharp spines. Fruit or berries are red—the largest of any Holly.

I. cornuta Burfordi (Burford's Holly). A variety of the above with few or no spines and more rapid growth. Very dark, shiny green foliage, which holds its lustrous color throughout coldest weather. Large, red berries all winter.

I. crenata (Japanese Holly). 4 ft. An evergreen shrub, 4 feet high, with oval, crenate leaves. Black berries.

PHOTINIA glabra. The young leaves are a brilliant scarlet, gradually turning to green. 18 to 24 in., \$1.50 each.

P. serrulata. Very desirable evergreen for foundation planting or shrubbery border. Dark green foliage, much of which turns varying shades of red in the fall. 18 to 24 in., \$1.50 each; 2 to 3 ft., \$2.50.

PITTOSPORUM Tobira. Valuable evergreen for the Lower South. Long green leaves. Small, creamy white, fragrant flowers. 12 to 18 in., \$1.50 each, \$15.00 for 12.

PYRACANTHA (Evergreen Hawthorn)

Pyracantha crenulata flava. An excellent new Hawthorn with clear yellow berries. The mass of white bloom in very early spring is followed by berries in summer.

P. formosana (Red Hawthorn). One of the choicest of all evergreens for the South. Profusion of white flowers in summer and red berries in winter. Large, compact grower.

P. Lalandi (Upright Hawthorn). A very useful evergreen. White flowers in late spring; orange-red berries in fall.

P. Rogersiana. Has all the characteristics of *P. formosana*, except berries are orange-yellow.

V. suspensum. Large, dark green, slightly crinkled foliage. Low, spreading grower. Fine in foundation plants. White flowers in early spring. 8 to 12 in., 75 cts. each, \$7.50 for 12; 12 to 18 in., \$1.00 each, \$10.00 for 12.

Coniferous Evergreens. We grow in limited supply a fine assortment of Coniferous Evergreens. Prices upon application.

MISCELLANEOUS PLANTS

AMARYLLIS vittata Hybrids (Giant Lily). Flowers very large, in a wonderful range of color—red, maroon, rose, splashed pink, striped and variegated. We cannot guarantee colors, but ours is a good strain and all flowers will be good. Flowering size, 75 cts. to \$1.00 each.

BAMBUSA falcata. The best of the Bamboos for ornamental plantings. Fine-leaved, compact-growing, feathery foliage. Comes from a common center, does not crawl and sprout from roots. Clumps, 75 cts. to \$3.50 each.

COCOS australis (Hardy Coconut Palm). Graceful, bluish green foliage. \$1.00 to \$5.00 each.

HEDERA algeriensis (Algerian Ivy). Large leaves. Fine as a ground-cover for shaded places where grass will not grow. Also used to climb trunks of trees. 25 cts. to 75 cts. each.

H. Helix (English Ivy). Smaller, thick leaves. 25 cts. to 75 cts. each.

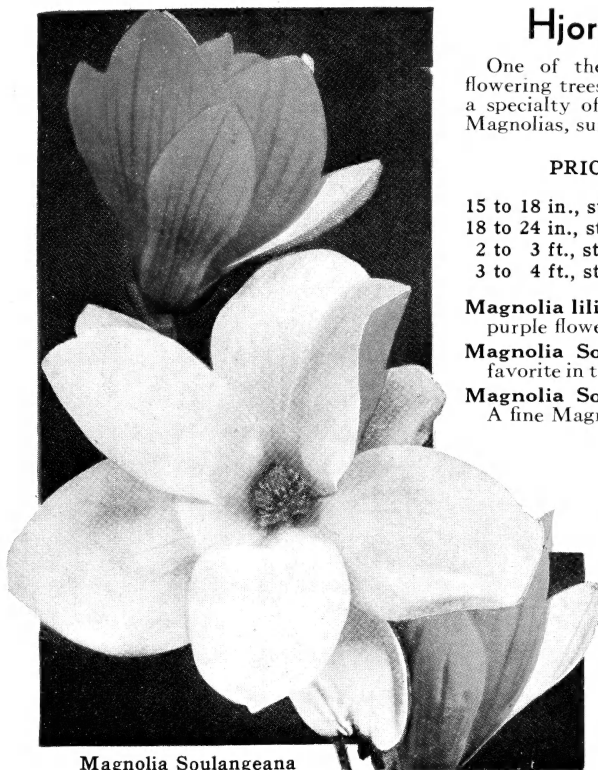

LIRIOPE (Ophiopogon). Ours is the select, large, dark green-leaved type, with heaviest spikes of purple flowers. Division-grown plants, far superior to seedlings. 1-yr. plants, 75 cts. for 12, \$5.00 per 100; 2-yr. plants, \$1.50 for 12, \$10.00 per 100. Also **L. variegata**, same prices.

WISTERIA chinensis. Two varieties, Purple and White. Our Wisterias are grown from free-flowering plants and are not to be compared with plants grown from seed. 2-yr. plants, 75 cts. each.

SOME INDIAN AZALEA VARIETIES

1, Lawsall; 2, Formosa; 3, Fielder's White; 4, Prince of Orange; 5, George Frank; 6, Iveryana; 7, Royal Red

We wish that every Azalea lover could see our Azaleas when in bloom between February 15 and April 15. A few are pictured here but this does not begin to show the range of beauty in the display.

Do visit us during Azalea-time. You will be welcome.
